### SLMA Offering Online Telemedicine Visits

**Houma – March 19, 2020** – South Louisiana Medical Associates, SLMA, is now offering HIPAA secure telemedicine visits. It's understandable, in these times, that appointments in the office are not always convenient or desirable. SLMA recently began offering online telemedicine appointments, allowing patients to receive the same quality care at home as they to with an in-clinic visit. No need to take time off work, find a sitter, or deal with traffic in order to meet with our providers.

"Patients can be seen for a variety of reasons, and we are working to make sure your medical care is uninterrupted at this time, while people are trying to stay home and away from other people to keep everyone healthy," said SLMA Family Doctor, Danielle Angeron, MD.

Patients can access their medical provider from anywhere using your tablet, smartphone, or desktop/laptop with a microphone and camera enabled. Patients can schedule appointments in Primary Care, OB/GYN and Endocrinology at the following locations with following providers:

- Family Practice - 181 Corporate Drive, Houma | 985-262-1639
  - Dr. Danielle Angeron and Heidi Cehan, NP
- Internal Medicine - 1302 Lakewood Drive, Morgan City | 985-300-5438
  - Dr. Carla Thurston and Maria Williams, NP
- Women's Clinic - 165 Corporate Drive, Houma | 985-360-3755
  - Drs. Sheena Duplantis and Elena Mann
- Endocrinology Clinic - 165 Corporate Drive, Houma | 985-360-3755
  - Dr. Miriam Menhem

**About SLMA:** South Louisiana Medical Associates, located in Houma, LA was formed in 1978 and founded with a public mission including teaching and training of residents in all major specialties providing them hands-on experiences under the direct supervision of a full-time medical staff.

The mission of South Louisiana Medical Associates incorporates the delivery of both high-quality medical services and graduate medical education through accountability, sound fiscal practices, scholarly activity through research, and employee satisfaction.
